

# Avery Dennison Wall Series

## The Interior Design Collection

Avery Dennison presents the Interior Design Collection, a new series of inspiring graphics solutions that spark creative thinking and enable wall art to generate an emotional response.

These films are now available to bring design flexibility to even the most ambitious indoor applications, with a wide choice of textured or smooth printing media. All deliver rapid application and excellent print performance.

Access a whole spectrum of creative possibilities, including a printable textile, paper and PVC films with pure canvas, crushed stone and natural stucco textures. A choice of adhesives supports the creation of unique short and longer-term printed solutions for wall decoration in hospitality areas, retail areas, exhibitions and more. The Wall Series can be applied without the need for a primer and excellent opacity ensures that the underlying wall is completely concealed. The expanded Avery Dennison Interior Design Collection makes transforming an indoor space easier and more visually engaging than ever before.

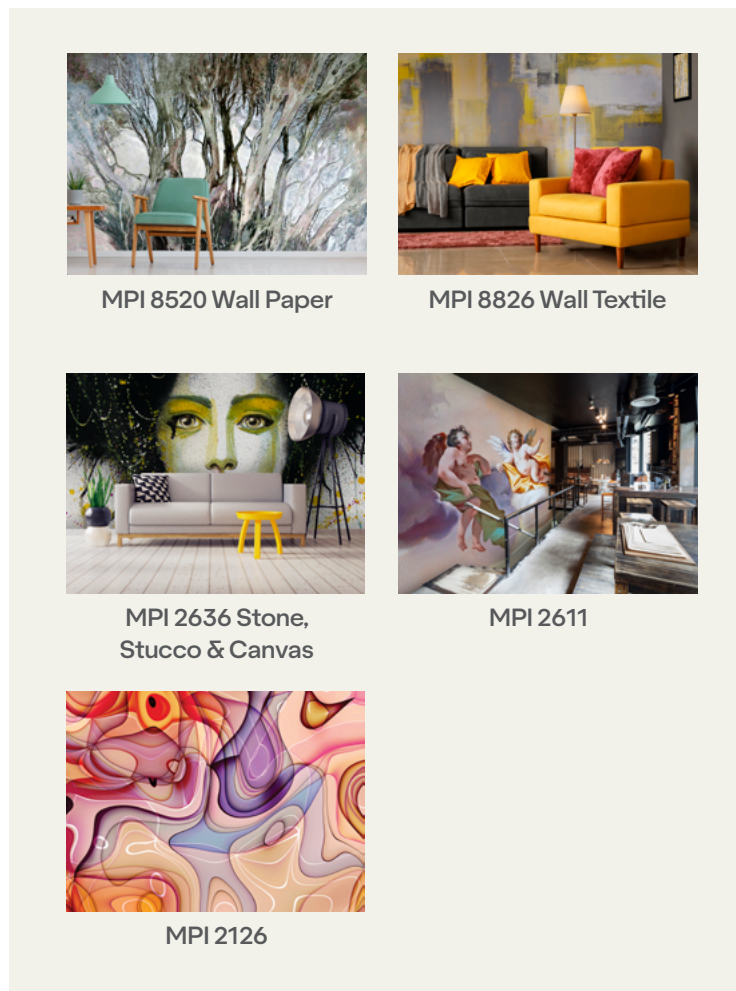

### Key Features

- Quick, easy and clean installation, with no primer needed
- Digital print using solvent, eco/mild solvent, latex and UV curable inks
- Complete range of textured and non-textured facestocks, with a choice of adhesives
- Block-out, with excellent opacity on PVC and textile products
- Apply to many different surfaces – choice of hi-tack or semi-permanent adhesives
- Fire certification available

### Recommended Uses

- Printed wall graphics - retail decoration & branding
- Hospitality and commercial interiors
- Exhibitions and retail promotions
- Other interior decoration applications
