Protect your drive

Supreme™ Paint Protection Films

Extreme Protection.
Ultimate Performance.

Presenting the ultimate guardian for your car's paintwork. Designed to shield your beloved vehicle from everyday wear and tear, our Supreme PPF series offers unparalleled protection against scratches, stains, and the harsh elements of the road.

Embark on your journey with confidence, knowing the Supreme PPF Series protects your car's paint from stone chips, gravel, insects, and road debris. Built with advanced polyurethane, this film is designed to absorb minor impacts and resist stains. Your vehicle's paint stays pristine, preserving its flawless factory finish and protecting your car's resale value.

Benefits that go beyond

Stain Resistant

Never worry about unsightly marks from tree sap or road grime. Our PPF repels stains, ensuring your car always looks its best.

Scratch Protection

Say goodbye to minor scratches and abrasions. The film acts as a sacrificial layer, taking damage so your paint doesn't have to.

Self-Healing

Small scratches vanish due to the film's self-healing properties, with sunlight or heat quickly restoring its surface.

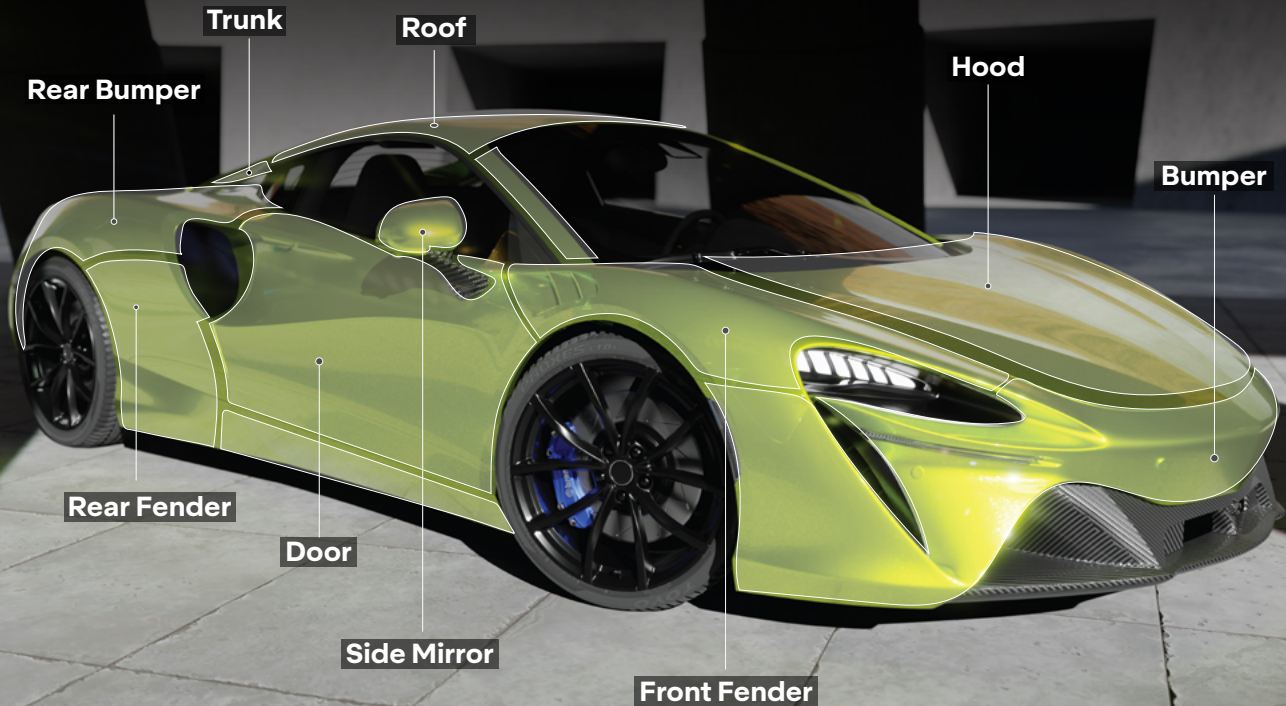

Invisible Shield

Enjoy all these benefits without altering the look of your vehicle. The Supreme PPF is virtually invisible, preserving your car's original colour and finish.

Versatile Application

Whether you're a proud new car owner or looking to refresh your existing ride, the Supreme PPF Series is your go-to solution. Opt for a complete body wrap or target high-risk areas, our certified installers can help you determine the best coverage and packages tailored to your needs.

Layered for Excellence

Crafted with three essential layers, each Avery Dennison paint protection film guarantees exceptional durability and performance:

Protective (Cap) Sheet

Removed before applying the film, protects the surface to maximize the gloss and smoothness (excluding Supreme PPF Matte).

Self-healing Top Coating

The first line of defence, providing advanced stain resistance and superior self-healing, combined with an ultra high gloss or smooth matte finish.

Polyurethane film

A strong and conformable polyurethane (TPU) film provides impact resistance to debris and exceptional durability.

Adhesive

Creates a secure and safe bond with your bodywork. Removable at the end of life-time.

Explore Our Complete Range of Supreme™ PPF Products:

Supreme™ PPF Xtreme Gloss

This advanced Paint Protection Film provides unmatched gloss, protection, and a Lifetime* warranty, featuring self-healing and stain resistance to maintain your vehicle's showroom finish.

Supreme™ PPF Xtreme Matte

Supreme™ PPF Xtreme Matte offers advanced protection for satin, matte, and other OEM finishes, featuring a Lifetime* warranty with self-healing and stain-resistant properties to keep your vehicle looking new.

Supreme™ PPF Optima Plus New!

This advanced PPF redefines vehicle protection with its enhanced transparency, glossier finish, and superior scratch and impact resistance, ensuring your car remains pristine with a 7-year warranty.

Supreme™ PPF Enduro

This Paint Protection Film offers affordable vehicle paint protection with self-healing, hydrophobic features and easy installation, plus a 5-year warranty so that you don't have to settle for unbranded, substandard options.

Supreme™ PPF neo Black

Supreme™ PPF neo Black is a luxurious, high-gloss hybrid paint protective wrap film offering distinctive black color depth and OEM paint-like finish with a 3-year warranty from Avery Dennison.
